Subject: Changes with Handling Fees by UPS -Effective October 4, 2020-January 16, 2021

FOR IMMEDIATE RELEASE

September 29, 2020

To Our Valued Customers:

Miller Edge continues to monitor fluctuating costs in a variety of categories and will keep you informed as to changes in these costs that affect the landed price of Miller Edge products. With that goal in mind, we want to inform all Miller Edge customers of an upcoming cost increase, incurred from UPS. From October 4, 2020 through January 16, 2021, UPS is imposing a Peak Season Surcharge of \$5 per package which Miller Edge must pass on to customers.

Additionally, cartons fitting UPS' definition for "overweight" or "over length" will receive an additional fee of \$50.00 per carton, however this will not affect many (if any) Miller Edge shipments. In the unlikely event that your order meets the UPS criteria for "overweight" and/or "over length" cartons, your Miller Edge Inside Sales Representative will notify you prior to shipment.

All of the employees of Miller Edge thank you for the relationships we have built with you over the years, and thank you for your business and support of Miller Edge products. If you have any questions regarding these price changes, please feel free to contact your Miller Edge Regional Sales Manager or Inside Sales Representative.

Sincerely,

Miller Edge
